Nevada City Nugget

VOLUME IV, NUMBER 21 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER APRIL 7, 1930

POLITICS WARM IN THE COUNTY NEW ONES COME

County politics continue to warm up the atmosphere and the curbstoners seem to think there are a number more of willing ones to sacrifice themselves on the altar of of political opportunity before the stage is all set for the primaries in August. Those now in the race have quite a lead on the late comers who like to make a dramatic entrance after the show is well along Politics are getting under way a lot earlier this year than formerly and it will make a lot snappier election

So far there have been no new entries to contest offices with Noble McCormack, Henry C. Schroeder, Bill Wright, Sam Clark, Ella M. Austin or Frank Steel but there has been a lot of talk that there would be aspirants for at least two of the places if not three but so far none of them have come forward to make their ambitions known.

The coroner's race is a little early to predict but Andy Holmes is wearing a nonachalent smile and says he isn't doing any worrying while Bob Jefford is known to be laying plans for an energetic campaign to acquaint the voters with his desires.

The sheriff fight looks to be one of the big puzzles and with several more reported to be getting ready to shy their sky pieces into the ring it looks to be one of the hottest campaigns in a number of years. Sheriff Carter says he is willing to stand on his record of the past four years but that he isn't going to let any grass grow under his feet in keeping in touch with the voters. Arthur F. Hellings who resigned as deputy the past week is getting his campaign under way and expects to make a thorough canvass of the territory.

It is a little early to get much of a slant on the supervisor fight over in the Grass Valley district but Goudge, Rowe and Corey look to be having the best of the argument so far as the street talk goes.

WILLIAM HARRY PASSED AWAY THURSDAY NIGHT

William Harry, one of Nevada City's pioneer merchants passed away in a San Francisco hospital last Thursday night. He had been in business here and had also served as constable at one time.

The remains were brought to Nevada City and funeral services were held yesterday from the Holmes Funeral Home under the auspices of Court Garfield, Foresters.

Mr. Harry was a native of Nevada City and had spent his lifetime here. He married Miss Isabelle Mooney in 1897 and of this union were born a son, Norman, and a daughter, Alice. Three brothers, Edward and John of this city and James of Sacramento also survive.

CHARLES E. BENNETTS HERE ON HONEYMOON TRIP

Charles E. Bennetts, son of Mr. and Mrs. R. J. Bennetts, with his bride, made a brief stay here last week while on their honeymoon trip following a church wedding in Monrovia. The bride was Miss Mary Isabelle Hurrell, and had visited here with her aunt, Mrs. C. E. Ewing on various occasions. The happy couple will make their home in San Francisco where the groom is connected with one of the leading pharmacies.

The wedding took place in the First Presbyterian church Monday, the happy couple then leaving for Long Beach to spend a brief honeymoon. They arrived in Nevada City Thursday evening leaving for San Francisco Friday.

The bride who is a winsome young woman is the daughter of Mr. and Mrs. Albert J. Hurrell. The groom is one of Nevada City's fine young men and his many friends in this community will extend hearty congratulations.

Huge assortment of Easter baskets at Colley's Confectionery.

Ignition Parts and Accesories at Miner's Foundry. 24tf

VANDERVOORT GOES TO SIBERIA ON MISSION

Ray S. Vandervoort who has been in charge of hydraulic operations at the Bradley Haley property above Sierra City for the past seven years has been given a commission by the Russian Soviet Government to design and conduct hydraulic development work in Siberia and he with Mrs. Vandervoort is leaving for New York City to conclude details of his contract and sail for Russia in a few days. The contract is being executed by the Amtorg Trading Dorporation which is the official organization of the Soviet.

The Bradley Haley property which is now being operated by the Paramount Mining Corporation will be in charge of T. Vandervoort, father of R. S.

POPULAR SUPERVISOR SEEKING REELECTION

After a number of years of faithful, painstaking service E. B. Dudley, who ably presided over the affairs of the Third District is annouucng his candidacy for return to the board of supervisors for another term. "Brownie" is so well known among his constituency and over the county that a particular enumeration of his many outstanding virtues would be somewhat superfluous.

Mr. Dudley probably has one of the hardest districts in the county, as it is all in the higher altitudes and with a scattered population and low property valuations, coupled with over a hundred miles of roads to keep up, makes his task a difficult ne. His roads, however, are among the best in the county for all year travel due to his excellent work in keeping them well drained and surfaced. His work on the road from Edwards grade to North Bloomfield and on the Washington grade may be mentioned as outstanding pieces of work.

A native of the Third District, Brownie knows its every need and is well qualified for the office.

TOO MUCH WHOOPEE CAUSES A JAIL TRIP

Staging a wild whoopee party in a Grass Valley rooming house Wednesday night caused a visit of Sheriff Carter's riot squad with the result that Jack Morgan, 39, was landed in the county hoosegau while two female companions who were in various stages of inebriation were given floaters out of the county. Morgan is charged with possession of liquor, having a gallon of high powered jassack which made fine whoopee. Sheriff Carter and deputy William Rickard made the pinch. Morgan has been making his headquarters in the county for some months past but this was his first celebration.

HOWLAND FLAT MINES NOW OPERATING DAILY

DOWNIEVILLE, April 5—Piping began at the Mines Operating Corporation's property at Howland Flat last week, with one pipe, and remarkable progress is reported. The slow thaw has not furnished sufficient water for full operation, but additional water is expected daily. The Howland Flat property is the largest hydraulic mine in Sierra County, and is the first of a contemplated string of properties under control of the Corporation. The mine is in charge of L. Hillman, an experienced hydraulic miner of La Porte. Bob Hanley, general manager, returned to the property from Los Angeles last week, and will remain during the mining season.

YUBA PASS OPENED TO TRAVEL IN PAST WEEK

The use of several caterpillar tractors and scrapers succeeded in opening the Yuba Pass to travel again last week. The pass had been opened previous to the last strom which closed it again with a fall of seven feet of snow. There should be no further trouble in keeping it open from now on.

NEWMONT HAS A BIG DIVIDEND TO STOCK HOLDERS

Dividends of the Newmont Mining Company which owns and operates the North Star and Empire properties at Grass Valley along with other mines over the world, as reported in a dispatch in the Bee Thursday night amounted to $11,777,048 for the past year, totalling $23.35 per common share as compared with $15,52 per common share the year previous. The Newmont commenced operations in the local field the past year.

The cost value of the dividend paying stocks owned by the company was given in the report as $32,452,383 but that their market value on December 31st last was $39,844,011.

The total available for dividends for 1929 amounted to over four and a quarter million more than in 1928. The acquisition of the North Star and Empire properties doubtless had an enlivening effect on the company income as both properties have been heavy dividend producers for many years past and give promsie of many to come.

JOE O'CONNOR MAKES KNOWN HIS CANDIDACY

Jos. O'Connor is announcing his candidacy for the office of county surveyor, which office he as been filling with distinct credit for some years past. His relations with the board of supervisors for which he acts as engineer in the design of bridges and laying out of roads, have been most harmonious at all times as he has given excellent service.

Civil and consulting engineering calls for technical knowledge of a high order and this is possessed by Joe who has carried on a number of projects for the county to a successful conclusion. His innate courtesy has won for him many friends everywhere. That he will win a large vote is a foregone conclusion.

FISH GAME COMMISSION CLOSES LOCAL STREAMS

In an executive order signed by Governor C. C. Young, several Nevada county creeks have been closed to the public for the coming season all in the eastern portion of the county. The creeks affected are the upper and lower Lindsay, Culbertson, Martis and Alder. The order is effective at once.

PRIMROSE SHAFT NOW DOWN TO 160 LEVEL

SIERRA CITY, April 5, (Special to The Nugget)—With 80 feet of new work accomplished, the shaft at the Primrose mine is now down to the 160 level. Some good ore has bee nfound in spots and the formation looks to be more in place than in the upper levels.

A station is to be cut at the 150 level and crosscutting will be started to locate the orebodies. While the bototm of the sahft is not making any water, considerable surface water has been coming in and the pumps are handling this nicely. As soon as this has slacked off, sinking will be continued.

J. E. Little is superintendent for the J.E. Burkhard interests.

TOM CLEGHORN DIES

DOWNIEVILLE, April 5, —Tom Cleghorn, a familiar character in Downieville for the past fifty years, died Friday at the county hospital, in which institution he has been an inmate at intervals for the past twenty years.

According to old-timers Cleghorn was found on the plains in Utah in the early '50s, an infant, and the sole survivor of an Indian massacre. His name, it is said, was given him by the man who found him, and brought him to California.

He was about 78 years old.

Easter novelties and candies at Colley's Confectionery.

MINING NUMBER DEMAND COPIES ALREADY LARGE

With the preliminary announcement that The Nugget was to issue another special mining number, orders have already commenced to come in, one for 100 copies coming from Los Angeles and a number of local people are figuring on sending out a number to distant points. The greatest service that any local resident can do is to spread the news far and wide that mining is on the upgrade here and getting on its feet again.

The edition this time will be largely devoted to the various mining operations in Nevada and Sierra counties as well as a complete directory of the various mines and mining companies in both Nevada and Sierra counties. The directory proved a most valuable feature in the previous issue. Extended articles on the Nevada City and Grass Valley districts will be run covering the history of mining in these two old time camps.

Those contemplating ordering extra copies of the edition should place their order at an early date to insure securing copies.

MRS. LILA CHAMPION IS SEEKING REELECTION

Mrs. Lila M. Champion who has served very acceptably as public administrator for Nevada county during the past four years has decided to submit her name to the electorate again. With the careful attention she has given the duties of the office she is entitled to the support of the voters.

The office of public administrator is an important one as it carries on the work of administering estates where there are no known heirs or claimants and which in such case would have no attention if the law did not provide a public official. While some of such estates are small, others at times involve large sums of money which go into the public treasury after the estate is closed.

Mrs. Champion is the widow of the late A. B. Champion, for many years prominent in business and fraternal circles of the county. She is a woman of pleasing personality, and so far is the second one of her sex in the local political arena.

CENSUS WORK IS NOW UNDER WAY COUNTY

The government census is now being conducted throughout the country and seventeen enumerators are busy in Nevada county. Census Supervisor H. B. Thomas of Placerville has been using The Nugget office as his headquarters and has been holding schools of instruction so that his enumerators may finish their work expeditiously and correctly. Mrs. Nellie Kruger is handling the local work, Mrs. Bryan Krough, Nevada Township; John Gray, Bloomfield and part of Bridgeport; W. H. Clarke, Eureka, Washington and Little York; W. H. George, W. H. Stombs and Mrs. Evelyn Wilson in Grass Valley; Jos. Day, south Grass Valley township; L. G. Beloud, Grass Valley Township.

SUPERVISORS WILL BE SOLICITED FOR FUNDS

It is reported that representatives of the State Chamber of Commerce will appear before the board of supervisors this afternoon in the hopes of securing a contribution for their war chest. If the State Chamber would bring some visible proof of what they have ever done for this section of the state or what they expect to do they might have a basis on which to talk. Their influence in the Sacramento Chamber of Commerce is reported responsible for the debacle which nearly put our state mining association idea out of business a few months ago. The same crowd are going on to Downieville to boost a new road from Marysville ville to Oroville and Marysville.

MRS. ROSE HEGARTY SELLS MINE PROPERTY

By virtue of papers filed with county recorder Sam J. Clark the past week, Mrs. Rose Hegarty has disposed of a 2-3 interest in six placer claims in the Columbia Hill Mining District to Charles F. Howlett, Mayor of Lake City, and owner of extensive mining properties in that section.

The property was deeded in 1927 to Mrs. Hegarty by Cecil S., Walter J., and L. Hegarty, John J. Ghidotti and H. S. Skeahan.

MINING LOCATIONS ARE FILED COUNTY RECORD

The following mining location has ben filed for public record:

Dixie placer by M. G. Baker in W½ NE¼ SE¼ Sec. 9 T18 R11.

SUPPLIES GOING IN TO BALD MOUNTAIN MINE

A truck load of supplies was taken in the past week to the Bald Mountain mine at Forest which is being repoened by Southern California interests. A crew has been startl ed at work cleaning out and retimbering the tunnels. The property is being operated under the name of the Golden State Mining Company, a Nevada corporation with head offices in Los Angeles. J. Y. Owenby, general superintendent, also acts in the same capacity for the Ingram and Chuckawalla companies.

McMAHON IS NAMED DISTRICT ATTORNEY

J. M. McMahon was the past week named district attorney for Sierra county to fill out the unexpired term of Henry B. Neville who was recently advanced to the post of superior judge of that county. Mr. McMahon is a native of that county nad owns extensive mining interests in its western portion so that he is but returning to his native heath. During the few months that he has been engaged in legal practice in Nevada City he has made many friends who have been extending their congratulations. There were a large number of applicants for the post of district attorney but the supervisors showed good discretion in appointing McMahon.

STEEL IS ANNOUNCING AS COUNTY TREASURER

Frank Steel, who five years ago was selected by the board of supervisors to fill out the unexpired term of William T. Garland as county treasurer and was later elected to the office by the voters for a full term, is announcing his candidacy for the office for the coming term. Frank has seen long service at the court house, having been a deputy county clerk for nearly twenty years prior to taking over the work of county treasurer and tax collector.

Born and raised in Grass Valley, Mr. Steel has been prominently connected with the affairs of his community in a fraternal and business way and has many friends throughout the county. He has proven a faithful, conscientious official in the performance of his public duties and on the basis of his service rendered is asking a return to the position at the coming primaries.

KOPPS CELEBRATE 8 YEARS IN BUSINESS

Last Wednesday Karl Kopp and family celebrated eight years of business life in Nevada City. Karl is one of our popular business men who has built up a large bakery business and has invested large sums in property here. His business covers a wide territory and is increasing as more people learn the quality of his goods. He is ably assisted in the business by his son, Louis.

NEW REFINERY IS TO BE READY FOR OPERATION SOON

Work is progressing apace in the rebuilding of the refinery of the California Timber Products Company in the south east part of town and the present schedule calls for its completion by at least the end of the present month so as to start handling the new flow of gum which will be coming in to the plant by that time.

The setting of the new boiler and the various refining units is now being completed and the pipe joints connected the various units are now being welded to form a continuous line instead of the former threaded joints used in the old plant. The only parts of the former plant used are the super heater in the old boiler and the iron cooker.

A different method of handling the gum as it comes in will be followed. The truck will be backed up a runway to the upper story of the refinery and the drums taken by a chain hoist and dumped into the large copper strainer through an immense funnel. This eliminates the former bucket elevator and the storage vats which did not prove satisfactory. Through filters the material is taken to the large iron still which is being lined with aluminum to prevent the iron from coloring the cooked product As the resin and turpentine is produced it will be drawn off below into containers. An electrically vacuum pump will keep the material in circulation through the various units during the refining process.

The plant has been enlarged, being now wider and much longer. The roof and sides have been completed and a new horizontal tube boiler has been set up. The former upright boiler will also be used.

A graduate mechanical engineer, well skilled in the use of steam will be employed in that department. Fire hazards are being eliminated wherever possible and smoking about the plant when it is in operation will be absolutely prohibited. A blacksmith and machine shop has been built at some distance from the refinery.

Resin and turpentine will be the main products of the refinery at the outset but by-products will doubtless be developed as the manufacturing progresses.

N. T. Mirov, an expert chemist and resin producer, is in charge of operations for the company.

SPECIAL SESSION OF CITY BOARD THURSDAY

The city trustees will hold a special meeting on Thursday night to take up the matter of the proposed new street lighting system which has been under discussion for some months past. Many had thought from the innocuous desuetude lately that the subject had been dropped, but apparently not and we may yet have a modern system instead of the obsolete system which has been supplying our street illumination for many moons past.

Not much outside routine business was transacted as the regular meeting on Thursday night. The customary grist of bills were presented for payment. The water situation on Lost Hill where the pressure is almost nil was ordered investigated. A deed was ordered executed in favcor of Henry Ponticelli covering the Morgan property facing the grammar school, to replace the original deed from the city which was lost.

BABY CLINIC HERE

There were 14 babies presented at the clinic conducted here Friday afternoon by Dr. Lila Beebe of the State Board of Health, and Miss Davis, county nurse. The clinics will be conducted every other week in Nevada City. The turnout the past week was said to be very good for the communities of this size. The clinics are conducted for the purpose of informing parents how to keep their babies strong and healthy. Another fact that has been developed is that fully two thirds of the grammar school children of Nevada City have been vaccinated which will go far toward preventing epidemics.

THE NEVADA CITY NUGGET

Published weekly on Mondays at Nevada City, California, and entered as mail matter of the second class in the postoffice at Nevada City, under Act of Congress, March 3, 1879.

COZY CORNER CHAT

IMPROVED LIGHTING for our streets which looked to be a dead issue for a while now looks to be coming to the front again as the city trustees call a special meeting for Thursday night to consider the matter. Our present obsolete system is not a good advertisement for the town everyone admits. The plan advanced by the business men to take up a subscription for a year to make possible the installation apparently did not meet with favor, but it is hoped that some plan will be worked out to finance the installation at an early date.

ELECTION TIME is near in our city affairs but with no competition the candidates have been shy of spending any money on telling the people their qualifications for the job. Of course with the pitifully small amount paid in salaries there is not much for spending purposes. It is unfortunate that some salary is not paid the city trustees for their work, if only $5 or $10 per month. It would be well spent. The effort made two years ago to have some such plan fell by the wayside, due to lack of understanding of the merits of the idea. You can't ask people to work for nothing any more and but very few towns ask their public servants to do it.

AAW

MISS RUTH CURNOW IS PARTY HOSTESS

Miss Ruth Curnow was recently hostess to a number of her girl friends at her home honoring her eleventh birthday. The guests spent the time n playing various games, prize winners being Flossie Angove and Reno Macari. Dainty refreshments were served.

MRS. DONZEL PASSES

Mrs. A. J. Donzel, nee Marie Frances Hupp, passed away recently at Ukiah. Her father, George Hupp, was one of the early attorneys of Nevada City and she was a cousin of Mrs. T. S. Ford. Nevada City was her birthplace and home for some years. Funreal services were held at Santa Cruz.

BRAKE TESTS GIVEN

Brake tests were given on the Main street pavement in Grass Valley Thursday afternoon by state traffic officers. It was peculiar how quickly the motorist grapevine wireless got into action and sent doubtful motorists onto side streets while the officers were around. Those white cars and uniforms certainly are god advertisements that the officers are around.

C. E. Wayland of San Francisco and J T. Kock, acoustic engineers, made a survey of the Strand theater

CAMPTONVILLE JOTS

Thomas Jackson Byrd, esteemed old pioneer of this section, celebrated his ninty-sixth birthday Saturday at the Masonic Home at Decoto. His many friends here had written him many happy returns of the day, and Dobbsy, of Radio K P O, on behalf of the local people, extended him birthday greeting over the radio Saturday morning. Although having passed his ninety-sixth birthday, Byrd is as young and active, both mentally and physically as he ever was, and the "kid" of the Masonic Home. Many of his friends contend that the longevity of his life can be attributed to his philosophy and outlook on life.

Sheriff George C. Bynon of Downieville was in town enroute to Pike on official business.

I. W. Musfield of North San Juan was in town Wednesday on business

William Cartwright of Grass Valley passed through town Thursday.

S. F. and E. J. Price have been erecting an iron lawn fence around the Pelton Monument.

W. H. Wayman motored to Placerville Thursday on business.

Mr. and Mrs. Earl L. Cleveland arrived Thursday on a short visit.

George T. Wayman of Pike City was in town Thursday.

Julius E. Pauly and Earl L. Cleveland were re-elected trustees of the Camptonville district at the annual school election Friday.

Joseph Halkyard was in town Sunday from Grass Valley and a visit to relatives.

John Schnellman was in town Monday from High Point on business

John J. Kelly passed through town Monday from Moonshine enroute to his mining property at Slate Range Bar.

Mr. and Mrs. Charles Deal and family of Grass Valley were in town Sunday.

Mr. and Mrs. C. N. Chatfield of Pike were in town Friday.

Abe Lohman of High Point Ranch was in town Friday on business.

Mrs. Kate Hope Livingston left Friday for Berkeley on a week end visit.

Mrs. Fern I. Cook and children of Pike are visiting in Berkeley.

Albert C. Sommers returned Friday from a week's visit at the bay section.

Miss Lesta H. Joubert left Friday for San Jose to resume her studies after spending a week with her parents at Oak Valley.

William O. Grant returned Friday from a visit to the lower country

Miss Lola Labadie arrived Friday evening from Browns Valley on a visit with relative at Hotel Francis.

GOOD SPECIMENS

Thomas Bath of the Rough and Ready section brought in some good looking pieces of ore the past week to The Nugget office from his claims which he is developing.

Mrs. L. R. Jefford is home from a six week's visit with relatives in Columbus, Ohio.

Mr. and Mrs. W. Trathen of San Francisco visited Mr. and Mrs. J. Henwood of Grass Valley recently.

HIGH SCHOOL

By Genevieve Evans

Perhaps the average high school student often wonders what benefits he will derive from a high school education. There are several answers that could be gven to the students: better citizens, better chances in the business world, better understanding of human nature and more respect for other people's property.

In high school we learn to become better citizens. We learn how to take part in our government. This makes it possible for us to help others, who do not undertsand this important problem.

Even if we do not intend to go to college, it is necessary to have a high school diploma to secure a good position. One of the first things an employer asks an employee is, "Have you a hgh school diploma?"

In high school we associate with many people. We learn to get along with these people. We learn to see their point of view and, in other words, understand human nature.

We learn to respect other people's property. We take care of our books and our desks.

So summing up these advantages, we see that we receive much from going to high school. We should all take advantage of high school, a privilege that was denied our pioneer cousins.

QUILL CAMPAIGN

The Quill Staff have been direct- in a "Buy Your Quill Now" campaign. This partly to stimulate interest and partly to get an idea of how many Quills to order.

The purchase price of the Quill is seventy five cents. Each student is asked to pay twenty five cents now and fifty cents when he receives his Quill.

There is a rivalry between the classes on the basis of the percentage of members purchasing Quills. The table on the blackboard shows the following order:

Sophomores	66 2-3%	18
Seniors	58.6%	20
Juniors	43%	13
Freshmen	46%	18

The Quillometer has risen to about 77%. Each purchase raises it one figure. We are hoping that we will have a 100% purchase of Quills by the members of the Student Body.

THE FOOD SALE

food sale Saturday, March 29, for the purpose of raising money for the new drapes in the theater. The total proceeds of the sale were $33.00. This amount will help a great deal in paying for the curtains and soon we shall own them. The curtains are of delft blue which is very pretty in the theater. At the same time that we are proud of our loyal association we may also be proud of the curtains which both students and townspeople made possible. The girls wish to extend their thanks to the people of the city for patronizing the sale as they did.

MISSIONARY SOCIETY

A meeting of the Missionary Society of the Methodist church was held Thursday afternoon at the home of Mrs. Bert Moody. An Easter program was rendered and refreshments were served.

Mrs. Jack Stennett, Mrs. J. Stennett, Mrs. Dorothea Graser and Mrs. Lloyd Jennings were Sacramento visitors last week.

Mr. and Mrs. A. Necoll of San Francisco spent a few days in Grass Valley.

Scott Hudson of Lovelock, is visiting with T. B. English near North Columbia.

Dr. Lila Beebe of the State Board of Health held a baby clinic here Friday.

Charles DeWhite and wife and J. E. Tudor and wife of Seattle, arrived in Grass Valley after visiting mine properties east of Sacramento. county.

Clifford B. Calkins, mine owner, of Los Angeles, was a recent business visitor at his old home.

A. F. Duggelby, mining man, is home from an extented trip. He was in Canada for a time.

F. W. Nobs is in San Francisco on mining business.

PEEKABOO LADY

A full house witnessed the play "Peekaboo Lady" given by the Senior Class, Thursday night. The play was well put on and everyone who attended praised the performance.

The students were coached by Mrs. Ruth Hulen. The success of a play depends a great deal on the coach, and the clever manner in which the students performed certainly was a compliment to her.

Each person put himself into his part no matter how small it was. Addison Janes had the leading part. He was I. Wood a hotel clerk. His clever talk and care-free manner held the intense interest of the audience. Bill Rector, as the English law student, who preferred to play golf was so funny that he brought down the house. Grace Towle also had a character part. She was Crystal Springer the old maid, who thought that men were unbearable until she became engaged to one. Harrison Randall and Bob Beegal were twins. Their makeup was so effective that their best friends couldn't recognize them.

Vivian Cerro played the part of Ima Springer, I. Wood sweetheart to perfection.

Thelma Boreham, Dorothy Tamblyn, and Nadine Sutton were three very pretty girls. They helped to unravel the mystery which the presence of the twins had made.

Milton Masters was M R Due, who came to Topple Inn to get away from his wife and also to try out a wonderful invention. He was so serious about it that one could almost imagine that such an invention was possible. Helen McCullough as Deal Due, a modern flapper fitted into her part very well.

Lena Ghidotti was the Swedsih maid. Her chief comment on every man at the Inn was, "Oh, he bane such a gude looking feller".

It is always impossible for the whle class to take part in the play. Nevertheless, it was the effort of the whole class. There was much work to be done in fixing the stage, selling tickets; duties which other memebrs of the class gladly performed.

There wer eno tiresome waits between acts. The high school orchestra played an opening number and between acts the Glee Club sang two very beautiful songs, Katherine Celio and Ruth Rector sang two popular songs, and Deynes Foley Gertrude Marriott and Lois Eden danced.

The orchestra and glee club were directed by Miss O'Neil.

Much of the pleasure of the entertainment was due to the attractive stage setting. The new curtains provided through the efforts of the Girls' Association added much to the completeness of the production.

The Class of 1930 has every reason to be proud of its production.

ISAAC WOODBERRY PASSES

Isaac Woodberry, a long time resident of Grass Valley, passed away Thursday at the family home following a paralytic stroke. Funeral services were held Saturday afternoon from the Jefford chapel with Rev. E. O. Chapel in charge. He had been a resident of Grass Valley for 55 years past.

Mrs. Frank Nilon and Mrs. Noble Hamilton of San Francisco returned home after a visit with Mr. and Mrs. G. W. Starr.

Lee Stubblefield attended to business in Chico for the Kilpatric groceteria.

Mr. and Mrs. Wm. Hustler of North Columbia are visiting in Hammonton with relatives.

J. E. Little of the Primrose mine and A. L. Fournier of Sierra City were business visitors in Nevada City

Mrs. P. M. Toleman and little daughter have have joined her husband in Happy Camp, Siskiyou

William Lichtenberger, superintendent of Brush Creek mine, was a Nevada City visitor last week.

E. R. Harvey, W. Harvey, C. L. Etzwiler, hydraulic mining men of Big Bar, Trinity county, are prospecting properties in the upper country.

J. F. Bongard, member of the staff of Division of Mines, was an official visitor in Grass Valley last week.

BOWLING IS CREATING GREAT DEAL INTEREST

With two tournaments under way on the local alleys at the present time, bowling is looking up a little bit better than for some months. There are two teams entered in the Nevada-Placer tournament and two teams are running a local tournament

The Willoughby and Flynn teams split two points each on the Grass Valley alleys last week leaving them tied at 6 points each. The Curnows bowled a bogey series owing to the Tyrrells not coming over from Grass Valley and their standing is not available.

In the local tournament, the Percy Carrs have annexed five of the six points in two weeks of play at the expense of the Dave Richards' aggregation.

The scores are as follows:

Willoughby Team

Mobley	158	137	147	442

IRRIGATION DISTRICT ISSUES ITS STATEMENT

The December 31st statement of the Nevada Irrigation District made its appearance the past few days and shows many items of interest. Receipts from water sales in the county totalled $89,670.35 while the revenue last year from the Pacific Gas contract was $253,981.54. These are the main revenue aside from the land taxes and sundry material sales.

The expenses of operating the district aside from interest on bonds amounts to $117,203.97 or an operating deficit of around $20,000 as included in the receipts of $125,370.27 is an item of $21,455.94 transferred from the construction fund. Nearly $4000 was expended on engineering last year in the general fund and nearly $3000 in Construction Fund and the legal department cost over $12,000. The administration expense was $16,321.60 while the directors used up $2786.29.

Receipts from the sale of 730 $1000 bonds were $657,388.20. Large expenditures in the construction fund of $670,982.14 resulted from the payment of $468,984.50 on registered warrants and interest on warrants amounting to over $40,000.

Mr. and Mrs. C. Maginnis and Mrs. Olive Paine and son of Woodland visited in Grass Valley.

Mrs. E. K. Booth was called to San Francisco by the illness and death of her sister.

Mr. and Mrs. E. B. Painter of Sacramento were week end visitors with Mr. and Mrs. Wm. Spargo.

LE AL NOTICE

NOTICE TO WOOD CONTRACTORS

Notice is hereby given that the Board of Supervisors of the County of Nevada, State of California, will receive up to but not later than Monday, April 7, 1930, at 10 o'clock a. m. sealed proposals in writing to furnish the County of Nevada with 260 cords of 4-foot pine wood and 52 cords of 4-foot oak wood to be delivered on or before October 1, 1930, 210 cord of pine and 40 cords of oak to be delivered at the County Hospital and 50 cords of pine and 12 cords of oak to be delivered at the courthouse. All wood delivered to be good, first-class wood.

All bids must be accompanied by a certified check to the amount equal to 10 per cent of the total bid. Bids to be filed at the office of the clerk of the Board of Supervisors in the Court House in Nevada City, California.

The Board reserves the right to reject any or all bids or to accept the bid deemed most advantageous to the interests of the county of Nevada.

Dated March 20, 1930.

R. A. EDDY,
Chairman of the Board.

Attest: Geo. Coughlan, clerk of the Board.

By R. N. McCormack, deputy clerk.

FROM OUR READERS

On this ocean deep and briny,
Where the sun is not so shiny,
Mirages mighty, visions tiny,
Flock around my boat galore.
Myriads! Millions! There's no countin'.
Illusions gushing like a fountain,
There I see old "Banner Mountain",
Looking Eastward, to the shore.

Sesame! Oh, magic keyword,
Ope the door, there, on the leeward,
Yes; it's "Deer Creek" winding seaward,
As it ever did before.
Perchance, my eye is not so steady,
Seem I to be getting heady?
But I'm sure that's "Rough and Ready",
Where I swam, in days of yore.

When my vagabonddry's sated,
Then I'll crave to be re-mated
To a happiness belated,
That I knew in childhood lose.
Over mountains will I travel
To the land of gold and gravel;
Seeking problems to unravel,
That in youth I did ignore.

Then with golden hours to squander,
Here and there and over yonder,
Thru the pine trees will I wander,
Opening old Memory's door.
Oft would I awhile tarry
Where my first love, little fairy,
In the "Pine Grove Cemetery",
Sleeps in silence; 'Au revoir.

In my weird imagination,
There's an humble habitation,
An alluring fascination
Brings me to its very door.
Just outside the cabin cozy
Teher's a pathway, that is rosy,
And an old man who is dozy,
Quite contented; Evermore.

Mother!

INSTANT hot water will shorten your housework *4 to 6 hours each week*

Plenty of hot water at the turn of a faucet helps you finish the housework more quickly. You save many precious minutes in doing each task. In a week, you'll have 4 to 6 hours more time to give to the children, to go motoring or to go shopping.

Automatic Gas Water Heater Operates for Lowest Cost per Gallon.

With the automatic gas water heater, a thermostat turns the gas on and off and keeps the water hot, day and night. At any moment, one can have a basinful or a tubful of hot water. No gas is wasted keeping the water hot; the water stays hot because the boiler is insulated.

After once enjoying the convenience of an automatic gas water heater, you would never do without it.

For full details about automatic gas water heaters, see your dealer or phone or call at our office.

FRENCH CORRAL ITEMS

FRENCH CORRAL, April 5, (Special to The Nugget) J Beautiful April! In our section, flowers are blooming everywhere. The wild flowers carpet the hills and fields everywhere, and home and school room are kept in constant decoration from one of childhood's sweetest pleasures—gathering the wild flowers.

Mentioning the schoolroom reminds us of an omission in last week's items, that our county school superintendent, Mrs. Ella M. Austin paid the French Corral school a visit. Her talk was most interesting and instructive and both teacher and pupils were delighted and wished she might visit them oftener.

The election of school turstee was held last Friday evening. Mr. W. E. Moulton, incumbent, was again elected, without opposition.

Miss Louise Moulton came from North Bloomfield Sriday evening to spend the week's end at her home in French Corral.

Tarry and Clyde Browning came up from Browns Valley Saturday evening to visit their family in French Corral. They intended to return Sunday morning, but on account of auto trouble could not get back until Monday.

Miss Frances Moulton came from Sacramento Saturday for a short visit to her parents.

Mr. and Mrs. P. H. Flynn of Nevada City were Sunday visitors.

Miss Millie Clerkin made a trip to her home in Pike City Monday.

W. P. Clerkin and Ralph Carpenter returned from Browns Valley Mnday. Mr. Clerkoin will spend awhile at his hme near French Corral.

Clyde Bishop of Los Angeles visited his father N. B. Bishop last Tuesday.

Wm. Gordon went toNevada City Tuesday where he expects to find employment.

Much curiosity was aroused in our little town Tuesday afternoon, when fifteen airplanes in groups of three passed over. But the excitement was great for a while Wednesday morning when twenty four, again in trios passed, flying low. The noise and sight of those monstrous wings frightened cattle, dogs and cats and chickens, and they ran in every direction to get away from them. Of course the sight was very interesting and pleasing to the people who had never before seen airplanes at such close range, and in the meantime had learned they were the army planes. They did not forget to salute our colors as they dipped low, low in passing over our school house where our flag was floating.

Dr. A. H. Powell of Oakland is again sojourning in French Corral. No place like the home of his boyhood for Andy and his many friends are happy to have him with us.

Altho there was a change in the weather no rain was given to this section yesterday and this a. m. is clear and cold. A light shower visited us Sunday when a thunder storm passed in the distance. The general feeling is that rain is much neened as the feed is drying up in some places and cattlemen have had to move their stock. Coughlin Bros. of Columbia Hill passed through with a herd which they were taking to their rang near Colhmbia Hill.

Mrs. A. Browning and Miss M. Clerkin made a trip to Nevada City Thursday.

Joseph Swazey was down from Siberia mine Thursday evening.

We have read with much interest of the prospective 4th of July celebration at San Juan this year and trust that nothing may happen to change the plans of our former Ridgites. We surely will be glad to welcome and meet them halfway.

THE SCOUT COLUMN

THE SCOUT COLUMN

The high lights of the last week for Troop 6, B. S. A. were the monthly Court of Honor and a hike to the Hirschman Diggings west of town.

Court of Honor
Robert Tucker, Scribe.

The monthly Court of Honor of the Boy Scouts of Troop Six was held last Wednesday, April 2, 1930. The bys assembled at the Scout Hall at 7 o'clock in the evening. After all the boys had arrived they went to the Court Room in the Court House where Judge Tuttle presided over the Court of Honor.

Four tenderfoot badges were awarded; the boys that received them were Louis Netz, Léon Duceschi, Walter Brown and Everett Brown. A Star Pin was awarded to Warren Chapman. To be eligible for the Star Bank you must have five merit badges. Another award went to Harry Milner who receved a merit badge in carpentry.

Scout Executive Harris Ricksecker awarded Doctor Chapman with his certificate as chairman of the troop committee of Hydraulic Parlor of Native Sons and Judge Tuttle with his certificate showing that he is the National Council representative of the Tahoe Area Council.

A surprise to the boys was the presentation of the Charter of Troop Six, which has to be renewed every year. After all the boys had gone back to the Scout Hall they closed their meeting with the Scout Benediction.

CHEROKEE PROSPERS

CHEROKEE, April 5, (Special to The Nugget)—The many friends of Tom Biglow are glad to hear he is steadily improving from his recent accident.

Mr. and Mrs. Gordon Kessler and daughter, June, were visitors here from North San Juan.

Mrs. Will Kessler of Summerland is visiting her parents, Mr. and Mrs K. J. Phelan.

Mr. and Mrs. L. Day and Mrs. T. J. Flynn of Cherokee were visitors in Nevada City Thursday.

Mrs. T. Costa, Mr. Silva and Mrs. Herb Costa were visitors here Thurslay. Mrs. H. Costa remained over for a few days.
Hill was a visitor in Nevada City Tuesday

Father O'Rielly and T. J. Phelan of Nevada City visited here Tuesday

K. J. Phelan is suffering from a severe attak of rheumatism.

Mike Phelan of Dunsmuir was alled home Friday on account of the serious illness of his father.

H. Moffitt of Los Crucis was here on mining business.

Mr. and Mrs. Wolf of Cherokee were vsitors in Nevada City one day this week.

Schooi election for school trustee was held last Friday. Nr. Lou Garibaldi was elected again.

We all enjoy watching the air planes. Tuesday there were twenty all together.

Mrs. John Warren has as a visitor her daughter-in-law, Mrs. E. Stanaway of San Francisco.

W. B. Sanford, stockman of the southern part of the county, was a Nevada City visitor during the week.

The evolution of the Easter Egg at Colley's Confectionery.

GIANT AIR BEACON TO BE INSTALLED

SAN FRANCISCO, April 5,—Completion this fall of Southern Pacific Company's new railroad bridge across Suisun bay, north of here, will not only mark an outstanding development in transportation facilities for that company, but will provide the foundation for one more giant beacon to guide travelers of the air.

This was revealed here today with announcement that Southern Pacific has applied to the aviation section of the United States Department of Commerce for approval of a lighting system to be installed on the bridge.

The bridge, which is expected to be completed about Thanksgiving Day, will have a maximum elevation of 156 feet above mean low water, and the railroad seeks aproval of a complete lighting system which will warn and guide aviators flying at night or during heavy fog.

The central feature of this lighting system will be a 24-inch, 2,000,000 candle power ,red light, which will flash every thirty seconds.

Airway code lanterns will also be installed. The airway code lighting system, in turn, will be supplemented by a marine lighting system for ships plying the upper reaches of San Francisco bay.

HOP MALT CAMPAIGN BY ANHEUSER-BUSCH

One of the most powerful and unique advertising campaigns ever released in behalf of Budweiser Barley-Malt Syrup has begun with a schedule blanketing the entire country. It calls for weekly insertions month after month, using liberal space to convey Budweiser Malt messages to no less than 35,000,000 readers every week. The Nugget has been selected as one of the newspapers for this campaign.

The tremendous influence this advertising will exercise on the public will set a new mark in Budweiser Malt sales during 1930. This prophesy is based on the steady climb of Budweiser Malt in sales and its acceptance by the American people and merchants everywhere at the standard measure for quality.

The sensational progress made by Budweiser Barley-Malt Syrup can be attributed to its incomparable quality backed by a large responsible organization who are consistent with their support in newspaper advertising as well as dealer co-operation and methods of merchandising.

In view of the generous advertising campaign launched by Anheuser-Busch, merchants everywhere should enjoy this year, the biggest turnover in malt syrup yet recorded.

With the already established popularity of Budweiser Malt Syrup, Anheuser-Busch officials and the organization, which is universally famous for quality products, will undoubtedly set a new high peak in sales that will be reflected by receipts in the cash registers of all dealers selling Budweiser Barley-Malt Syrup.

It is obvious, that newspapers were assigned by Anheuser-Busch to carry Budweiser-Malt Advertising, because they reach more people who buy malt than any other medium and do it consistently—a tribute to the power of the press.

The evolution of the Easter Egg at Colley's Confectionery.

AIR CONDITIONS PECULIAR

The accoustics in this section were unusually acute Thursday night as the ringing of the fire bells and the fire truck sirens at Grass Valley were plainly heard here. E. J. N. Ott was out on his porch at the time and states that the sounds sounded as plain as if they were on this side of the hill. A number of people at the National Hotel reported that they heard the sounds.
